

## **Purchasing Our Products**

For customers requiring one-stop shopping, shorter lead-times, special services and less than truckload quantities, buying from an authorized CSC distributor is ideal. CSC manufacturing locations and distributors can be found by clicking the individual links below.

Cleveland Steel Container plants and warehouse distributors are strategically located to provide efficient and dependable service and delivery virtually anywhere in North America. We also ship worldwide.

Cleveland Steel Container manufactures all of our steel pails in the United States. We service all of North American and can ship everywhere in the world on a direct basis or through a wide network of distributors. Our steel pails are the best choice for your products when it comes to reliability, durability and a smart choice for the environment.
