Announcement: Cleveland Steel Container Corporation Acquires Lancaster Container

Dear Lancaster Customer,

We are pleased to share that Cleveland Steel Container (CSC) has officially acquired Lancaster Container, Inc., a trusted name in the steel pail industry since 1976. We want to assure you that Lancaster Container will continue to operate completely separate from CSC for the foreseeable future. We are proud to bring Lancaster Container into the CSC family and believe this partnership will only strengthen our ability to serve you better.

About Cleveland Steel Container Corporation

With over 60 years of experience, Cleveland Steel Container has four steel pail plants throughout North America. Our success is built on a commitment to quality, service, and value and a relentless focus on meeting our customers' evolving needs.

About Lancaster Container Inc.

Founded in 1976 by Richard Pflumm, Lancaster Container, Inc. has grown from a local pail manufacturer into a leading provider of containers across North America, serving the paint, coatings, and chemical industries. Now led by Richard's grandson, Dylan Pflumm, the family-owned company remains known for its adaptability and commitment to American-made steel pail products.

What This Acquisition Means for You

We understand that your relationships with your suppliers are built on trust, and we want to emphasize that this acquisition will not disrupt your current operations. Here's what you can expect:

1. **Consistency in Products and Services:** All aspects of your relationship with Lancaster Container—pricing, materials, quality, and sourcing—will remain unchanged. The same steel pails and containers you rely on today will continue to be produced at Lancaster with the same care and attention to detail.
2. **Continued Relationships:** The dedicated Lancaster Container team you've worked with will still be here to serve you. The only change you will notice is the new banking/remit to information for invoices.
3. **Seamless Transition:** Our top priority is ensuring a smooth transition for you. While Lancaster Container now operates under the CSC umbrella, you can count on the same service and delivery schedules you've always experienced from Lancaster.

Cleveland Steel Container
An Employee-Owned Company
